### **EIV System Errors/Missing Data**

We have been advised that a number of O/As are encountering error messages and/or missing data when attempting to view EIV reports for some or all of their properties. We are aware of the error messages being displayed and are working to correct the issues in the system. O/As receiving these errors are reminded to perform third party verifications as done prior to the implementation of EIV and to retain copies of the incorrect EIV reports. We apologize for this inconvenience and will advise when the issues have been corrected.
