

Training Invitation: HUD Multifamily Housing: Login Modernization & Multi-Factor Authentication (MFA) Implementation Help Sessions

Office of Housing sent this bulletin at 10/05/2026 04:14 PM EDT

Meeting Description:

The U.S. Department of Housing and Urban Development (HUD) is hosting four open house help sessions to answer questions about upcoming updates to HUD's login procedures and security infrastructure.

As part of HUD's Enterprise Identity, Credential, and Access Management (EICAM) initiative to implement Zero Trust Architecture (EO 14028 & OMB M-22-09), HUD is modernizing its login system and retiring the legacy SiteMinder authentication environment.

If you have questions about the new login procedures and security infrastructure, please join one of the help sessions at any time during the session. Questions will be answered on a first-come, first-served basis.

In the meantime, please direct any questions regarding session attendance to Scott Vanek at Scott.H.Vanek@hud.gov.

All Multifamily Housing stakeholders may attend.

Meeting Schedule:

- Wednesday, October 7, 2026, 10:00 AM – 2:00 PM ET
